

## Expand the Horizons – Choose to Give!

Thousands of adults have experienced the powerful influence of music in their lives through New Horizons bands and orchestras. As a member of a New Horizons ensemble, you personally know the joy and satisfaction that can be found in the magical combination of “music and friends.”

The New Horizons International Music Association, an incorporated non-profit organization, is committed to helping spread this message by:

- Assisting in the founding of new music groups
- Strengthening existing ensembles
- Encouraging the development of special events and camps
- Providing exclusive opportunities for individual members
- And more!

We invite you to assist NHIMA realize these goals and secure the future of the New Horizons movement. Contributions in the form of memorials, estate gifts, personal tributes, or individual donations – no matter how large or small – will go far to help future generations of budding adult musicians discover their own harmonious new horizons.

Donations to NHIMA are tax deductible for US taxpayers.
